Anastasia

PHOTOGRAPHED BY K.K.JONES

Where do they get these ideas from? The Editor's liquid lunches, that's where. Look at the state of this! A few bits of tubing and a lot of naff smoke — dry ice 'smoke' to be exact. As in water vapour. A strange and unnecessarily complicated way of wetting the bed, if you ask me — but he never does. Thankfully, Anastasia was there . . .

She's 5' 5" tall, 34-23-34 and performed splendidly — despite being suffocated at regular intervals. She graciously refused the kiss of life and pluckily persevered. That's probably why El Pisso Grande called her 'Anastasia'. It's from the Greek and means 'resurrection' — as close to an apology as the poor girl can expect . . .

Belinda

PHOTOGRAPHED BY STEPHEN HICKS

Last seen in Knave Vol. 16 No. 1, Belinda is an American model cum dancer of Puerto Rican extraction. The dance training is obvious — these poses may look easy and graceful, but they ain't. Put yourself in front of a mirror (clothed or not according to choice) and try a few. See if you can get them *exactly* right. Now crawl to the phone and call your osteopath . . .

The only problem is that none of us have ever met the lady – but we're working on it. We're sending an expedition to California to seek her out and we're raising the cost of the trip by public subscription. So send your donations to: The Caption Writer, Knave, 252 Belsize Road, London NW6. I will be eternally grateful. In the meantime if you get fed up with looking at the pictures, you can always play noughts and crosses instead.

jeannie

It's 4.30 a.m. on January 1st 1985, but our Jeannie is still going strong. The first-footers have stumbled off into the darkness and Auld Lang has been Syned, sealed and cirrhosissed (de-livered). But our Jeannie is going stronger . . .

She's 35-24-35 and about 5' 4". She's also a bit of a second hand Scot, born of Scottish parents, but in Shrewsbury alas. But she's heard about this Hogmanay lark and is determined to enjoy it. It's now 5.00 a.m. and our Jeannie is going stronger still . . .

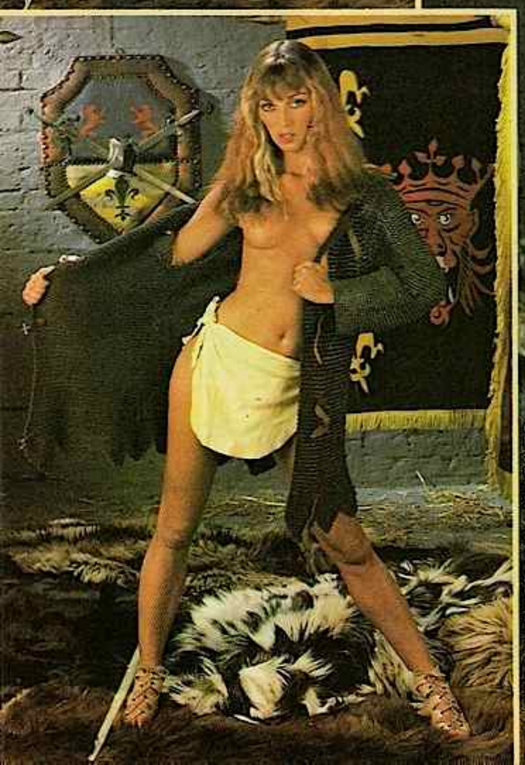
Joan



PHOTOGRAPHED BY K.K.JONES

As in Joan of Arc, of course. What did you expect us to call her, Fleur De-lis? Jane Mail? Come now, this is Knave — pay attention!

The lady is 5'7½" tall, 34-23-35 and is a dancer. And naturally enough she has virtually nothing in common with the original Jeanne D'Arc, except the occasional desire to screw the English. Which is a shame, because she works abroad most of the time ...

Polly Rogers

As you've probably guessed by now, we don't use real names for our Amateurs (but then neither do our professional models). In this case the young lady bravely let the Editor think one up for her. Naturally enough, his mind on alcoholic matters, he came up with Polly Rogers, because he said she was so bright and bubbly she reminded him of champagne (Pol Roger — geddit?). Positively poetic. Pass the glass and praise *le Patron* . . .

Polly it is then, and she is perfectly delicious. Although she's done some local fashion work in her native Lancs, this is her first ever glamour shoot. She's 5' 4" tall, 34-24-35 and has more A levels than you could shake a stick at. But it looks like modelling is going to take precedence over the Halls of Academe for a while yet. Oh, and she's definitely going to make another appearance in Knave soon — we've got a few A levels between us as well!
